## » Add process manufacturing to your existing financials

Add BatchMaster ERP to your existing business system, including Microsoft Dynamics GP, SAP Business One, Sage 100/300 ERP and QuickBooks. Take advantage of our Sample, Lab, Formulation, Production, Costing, Quality, Compliance as well as optional Inventory, Planning, Scheduling and Mobile capabilities.

## » Need only Product Development

BatchMaster® Manufacturing Add-on for SAP Business One (BMM) is a process manufacturing Add-on for SAP Business One® that allows users to harness the power of the renowned BatchMaster ERP while continuing to use the SAP Business One distribution modules of Inventory, Purchasing and Sales, and of course SAP Business One's financial modules.

## » Need complete financial and manufacturing ERP solution

BatchMaster Software offers industry tailored versions of Microsoft Dynamics GP and SAP Business One solutions embedded with BatchMaster Manufacturing modules. These innovative solutions meet the financial and manufacturing needs of emerging and growing formula-based manufacturers, yet is scalable to support larger manufacturers.
